HE IS KNOWN FOR HIS ABILITY TO CARRY THE TEAM ALONG AND WITH HIS PRECISE PROJECT PLANNING AND MANAGEMENT SKILLS IN OIL AND GAS PROJECTS AND OTHER NUMEROUS PROJECTS OUR TEAM STAND OUT.

## HUMAN RESOURCES RELATIONSHIP & DEVELOPMENT

Furapet Services Ltd has placed a premium value on our human resources and also invests heavily on our personnel through a focused career development, recruitment and intensive training programs. We develop people procedure, safety standards, community relations standard, quality control and experienced schedule performance to meet and also exceed clients' requirements.

In order to deliver quality service to our clients, we have formed and sustained a formidable alliance with internationally established and recognized organizations, leveraging on their expertise and experience to deliver and also developing our in-house experts by exposing them to the industry best practices and technologies. This philosophy has indeed kept us unsurpassed in the oil and gas, power and telecom sectors.

# Who WE ARE

FURAPET Services Ltd, is a private limited liability company inco-operated under the allied matter decree of 1990 in Nigeria. The company was incorporated as a dynamic vehicle for the exploitation of the enormous potentials offered by the Nigerian oil and gas, power and telecommunication industries and also in direct response to the Government's determination to maximize indigenous participation in these and other allied sectors of the Nigerian economy.

We provide services in Engineering, Maintenance, Construction, Procurement, Logistics and Environmental management to the oil and gas, power and telecommunication sector, as well as to the Federal and state government. With our persistent commitment to excellence and steady growth, we have maintained an office in Port Harcourt as well as a representative office in London, England to interface between our offices in Nigerian so as to provide one-stop business optimum support services to our clients. However, our avowed commitment and strategic thrust for rapid growth has been through forging strategic alliances with companies offering complimentary services. Such alliances have enabled us to meet and also exceed client's requirements efficiently and effectively.

# OUR BUSINESS

## ENGINEERING:

And our alliance with our international partners has also provided FURAPET Services Ltd the opportunity to share and be in the know of emerging engineering innovations which enables us to meet and exceed client's expectations.

Our personnel are very skilled in using engineering software such as AUTOCAD, PDMS, HYSIS, INTOOLS, PIPESIM, FLARESIM, PRIMAVERA, ETC.

What we do basically under engineering are;

- *Basic Engineering Design*
- *Detailed Engineering Design*
- *Conceptual Design*
- *Planning*
- *Drafting and As-built Drawings Including 3D*
- *Project Management and Engineering Consultancy Services.*

## MAINTENANCE:

Furapet Services Ltd in its strategic thrust for providing world class maintenance services has got a team of experienced Engineers that are fully equipped and trained to carry out maintenance services to the oil and gas, power and telecommunication sectors.

Below are some of the various areas that we possess great expertise in;

- *Online Leak Sealing*
- *Valve Overhauling, Repair, Maintenance and Testing (Online Valve Testing)*
- *Onsite Machining (Flange Facing, Torqing and Tensioning, Hot Tapping)*
- *Facility/Plant Turn Around Maintenance*
- *Offshore/Onshore Facility Maintenance and Operations*
- *Wellhead Maintenance*
- *Manifold and Riser Maintenance*
- *Metal Stitching*
- *Erection Testing and Commissioning (etc) of Power Plants (Boilers, Turbing Generators, Power Cycle Piping, Balance of Plant, ESP, CHP, Bunkar Erection Etc).*
- *Electric Motor overhauling, Repair, Maintenance and Testing*
- *Vessel/Tube Cleaning*
- *Mechanical Integrity Assessment*
- *Flow Line Maintenance/Upgrade*
- *Pumps and Valves Maintenance*
- *Tank Form Maintenance and Operation*
- *Flow Station Upgrade*
- *Instrumentation*
- *Telecommunication Installation (GSM Network Installation,*
- *CCTV and Cable TV Installation in Hotels, Barges, Platforms Etc.)*

# OUR BUSINESS

## CONSTRUCTION:

Furapet Services Ltd also provides a full range of civil and other construction services for the upstream and downstream sectors of oil and gas, power and telecommunication.

Such construction services include;

- *Pipeline Construction*
- *Pipe Laying and Commissioning*
- *Pipeline Repairs*
- *Pipeline De-scaling and Cleaning*
- *Pipeline Integrity Assessment*
- *Pipeline Hot-tap*
- *Intelligent Pigging*
- *Pressure Testing*
- *De-watering Services*
- *Construction and Maintenance of Barges, Houseboats, Tugboats Etc.*
- *Construction of Storage/Tanks Farms*
- *Construction of Skips*
- *Construction of Warehouse/Steel Roofing*
- *All Kinds of Welding and Fabrication*
- *Corrosion Control Services (Grit Blasting and Painting, Hydro Blasting, Hydro-Jetting And Lancing, Internal Pipe Coating, FBE, CWC, Cathodic Protection, 3LPE Etc).*
- *Scaffolding*
- *Rope Access Services*

## PROCUREMENT:

We provide the best sourcing, pricing and timely delivery of quality goods and equipments. And we are able to achieve this through a very strong collaboration with the original equipment manufacturers (OEM) in conjunction with our overseas representatives. # HSE Policy

FURAPET Services Ltd is committed to the provision of a safe working environment for the company's employees, subcontractors, local communities and others affected (either directly or indirectly) by our operation in accordance with industry regulations, HSE policies, federal statutory regulations and international best practices.

We have set stringent standard for global safety practices, both at project worksites and in all ofce environments.

And to support these standards, our safety department has continued to ofer an ongoing formal and refresher trainings as well as safety evaluation program.

These programs and standards has continued to improve project performance through height-ened employee awareness, reduced schedule disruptions due to lost time accidents and minimized liability claims

# COOPERATE POLICIES

FURAPET SERVICES, foremost interest in all projects is SAFETY and ENVIRONMENTAL PROTECTION; and we will demonstrate SAFETY in all our operations.

We are already conversant with Client safety policy and standards, which will be adhered to in on junction with our own safety policy in the execution of our contract services.

We have familiarized ourselves with requirements for STANDARDS FOR ON/OFF-SHORE PROJECTS MANAGEMENT and will incorporate all standards into our operations. FURAPET SERVICES will also provide all necessary safety clothing and equipment for all personnel. We will ensure that persons engaged in work and services in all contracts shall remain medically fit throughout the duration of the contracts. We will be prepared to present certificates of medical fitness on all personnel and ensure that all personnel are Client certified swimmers.

FURAPET SERVICES shall engage the services of a safety manager and a project manager who will ultimately be responsible for safety in our operations.

The staff will also have experienced safety officers who are well acquainted with Client's safety regulations and will ensure that all proper work permits and complementary certificates are obtained prior to commencement of work and shall keep them up to date daily and ensure that all safe working practices are observed during the execution of all contracts.

We shall strictly enforce the permit to work system before commencement of any work. Only Client's authorizations can action any night movement.

**FURAPET SERVICES** have Accident/workmen's compensation insurance policy for their workers against any occupational disease or any other impairment to health or injury by accident.

In compliance with the Nigerian Oil and Gas Industry Content Development Act (NOGICD ACT) of the Government of the Federal Republic of Nigeria requiring all Operators, Project Promoters,

## **NIGERIAN CONTENT POLICY**

Contractors or Subcontractors or any party having interest to do business in the Nigerian Oil and Gas Industry to put in place properly executed and monitored plans that will guarantee: "The addition or creation of a quantum of composite value in the Nigerian economy through a deliberate utilization of Nigerian human and material resources and services in the exploration, development, exploitation, transportation and sale of Nigerian crude oil and gas resources, and stimulation of the development of indigenous companies, as well as encouragement of foreign investment and participation, without compromising quality, health, safety and environmental standards" FURAPET SERVICES Limited establishes this policy on NIGERIAN CONTENT as a mark of the full drive for 100% compliance with the NOGICD Act 2010

## **COMMUNITY AFFAIRS POLICY**

FURAPET SERVICES must ensure proper public relation with the host community, and create an avenue for interactions. Reporting of all hostile treats or confrontation with the HOST community will enable the field management team to investigate and eliminate the underlying cause. Our objective is to maintain very good relationship with the HOST community and reduce the impact of FURAPET SERVICES operation on the HOST communities' environment to barest minimum throughout any contract execution.
